## Joel Cedersjö

**Threat Intelligence Manager,  
NTT Security**

M: +46 709 150 737

E: [Joel.Cedersjo@nttsecurity.com](mailto:Joel.Cedersjo@nttsecurity.com)

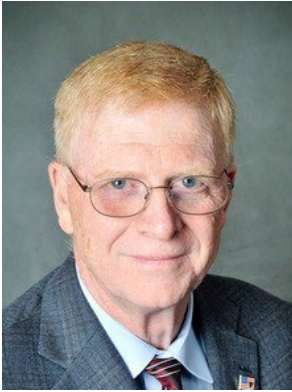

T: [@TheFnas](https://www.linkedin.com/company/thefnas)

L: <https://www.linkedin.com/in/joel-cedersj%C3%B6-08572648/>

### **Experience**

Joel has over 8 years of hands-on experience working as part of and leading teams of it-security professionals with a focus on threat Intelligence, cyber threat detection capabilities, malware research, big data analytics and security operations. He has played a key part in globalizing the Threat Detection services within NTT Security, developing threat hunting and analysis frameworks that are operational in 8 SOC's around the world. Joel has participated as a speaker and SME at various conferences and is currently working on enhancing NTT Security's Threat Detection capabilities by combining NTT global R&D efforts with SOC-internal detection expertise.

---

## John South

**Senior Director, Global Threat Intelligence Center, Communications CISSP, CISA - Development at NTT Security**

M:

E: [john.south@nttsecurity.com](mailto:john.south@nttsecurity.com)

T:

L: <https://www.linkedin.com/in/johnrsouth/>

### Experience

John is currently responsible for coordination and facilitation of the global intelligence communications and key projects within NTT Security's Global Threat Intelligence Center (GTIC).

John is a Certified Information Systems Security Professional (CISSP) and a Certified Information Security Auditor (CISA), specializing in the development of security strategy and policy for large domestic and international enterprises, tactical sharing of intelligence in the public – private arena, and the development of audit practices to meet evolving compliance obligations.

John worked for Electronic Data Systems as a systems programmer working in IBM assembly language to program and debug code on the IBM 9000-series mainframes.

John worked for Alcatel from 1990 until 2007 in both technical and management positions. As the Global Information Security Officer, living in Belgium and France, John built a unified security program across Europe, the United States and the countries in which Alcatel operated.

John joined Heartland Payment Systems after their breach in 2009 to build a resilient and compliant security program and infrastructure. As part of the program, John and his team designed and built a Security Operations Center to provide visibility to security issues and fast incident response.

John has been teaching at the University of Dallas School of Business since receiving his MBA there in 1997. He and Dr. John Nugent developed the information security program that is currently part

of the MBA curriculum today. John currently teaches the course titled, “The Compliance and Legal Issues in Security”.

John was one of the founding members of the FBI Infragard program in North Texas and served as its first President.

John regularly speaks at information security conferences and educational institutions to keep the information security community informed of current security trends and attack methodologies.

### **Awards**

CSO of Year, SC Magazine, 2013

Computerworld Top 100, 2012

Information Security Executive of the Decade, Central States, 2012

ISE Central Executive Award, 2011

### **Certifications**

Certified Information Systems Security Professional (CISSP)

Certified Information Security Auditor (CISA)

FAA Part 107 Certified Remote Pilot

### **Education**

Purdue University, BA

University of Dallas, MBA

Pennsylvania State University, MGIS (August, 2019)

---

## Rob Kraus

**Senior Director, Global Threat Intelligence Center, Operations CISSP, CCSK, CEH, MCSE**

M: +1 2106398652

E: [rob.kraus@nttsecurity.com](mailto:rob.kraus@nttsecurity.com)

T: [@robkraus](https://twitter.com/robkraus)

L: <https://www.linkedin.com/in/rob-kraus-216b531/>

### Experience

Rob is currently responsible for coordination and facilitating operations and key projects within NTT Security's Global Threat Intelligence Center (GTIC).

Rob is a Certified Information Systems Security Professional (CISSP), specializing in vulnerability research, malware analysis, threat intelligence, web application security assessments, external and internal penetration testing, and social engineering.

Rob is also the author of the Seven Deadliest Windows Attacks and Co-Author for the Seven Deadliest Network Attacks books, part of Syngress Publishing's Seven Deadliest Attack Series.

Previously at NTT Security, Rob was a manager within NTT Security's Professional Security Services group.

Prior to NTT Security, Rob was the Supervisor for the Remote Security Services team at Digital Defense, located in San Antonio, Texas. Rob's background also includes working as a security analyst for AT&T during the initial deployment of the AT&T U-verse service offering, as well as provisioning, optimizing, and testing long haul OC-192 fiber-optic networks while with Nortel Networks.

Rob regularly speaks at information security conferences and educational institutions to keep the information security community informed of current security trends and attack methodologies.

**Publications/Presentation**

Authored “Seven Deadliest Windows Attacks”

Co-Authored “Seven Deadliest Network Attacks”

Over 20 zero-day vulnerabilities identified and assigned CVEs

2012-Present – NTT Security Global Threat Intelligence Report

**Certifications**

Certified Information Systems Security Professional (CISSP)

Certificate of Cloud Security Knowledge (CCSK)

EC-Council Certified Ethical Hacker (CEH)

Microsoft Certified System Engineer (MCSE)

**Education**

University of Phoenix, Bachelor of Science Information Technology/Software Engineering.

---

## Kai Grunwitz

### Senior Vice President EMEA at NTT Security

T: +49 69 1338 68 501

M: +49 174 343 80 75

E: [kai.grunwitz@nttsecurity.com](mailto:kai.grunwitz@nttsecurity.com)

T: [@KaiGrunwitz](https://twitter.com/KaiGrunwitz)

L: <https://www.linkedin.com/in/kaigrunwitz/>

### Experience

Kai Grunwitz is Senior Vice President EMEA at NTT Security since July 2017. He is responsible for both the business and the development of go-to-market strategies in the consulting and managed security areas of NTT Security. In addition, he is responsible for the global Consulting Governance. He has 25 years of experience in the IT industry, business management and top management positions. Prior to joining NTT Security, he was in management roles at Oracle Corporation (Vice President Consulting Northern Europe and a member of the German country leadership team) and at Sun Microsystems (Head of Professional Services Central Europe). As Cyber Security leader and influencer he is a regular guest and speaker at events like the Gartner Security Summit, Handelsblatt Jahrestagung Cybersecurity and active blogger on various cyber security und digital transformation topics. Follow him on Twitter [@KaiGrunwitz](https://twitter.com/KaiGrunwitz).

---

## Patrick Schraut

**Vice President Consulting Europe**  
**NTT Security**

T: +49 (0) 6264 926506

M: +49 (0) 172 8278068

E: patric.schraut@nttsecurity.com

L: <https://www.linkedin.com/in/patrick-schraut-41a4b0140/>

### **Experience**

He began his career in the NTT Group back in 1999 as a security expert. Since 2010, he has been responsible for Consulting in the German-speaking area before his responsibilities in 2017 were extended to other European countries.

---

## Charles Bovy

**Director MSS Presales EMEA**

M: +31627097274

E: [charles.bovy@nttsecurity.com](mailto:charles.bovy@nttsecurity.com)

T: [@CharlesBovy](#)

L: <https://www.linkedin.com/in/charlesbovy/?originalSubdomain=uk>

### **Experience**

Charles has more than 20 years experience in IT, especially IT security, both national as international. The past 12 years he has been working in the Managed Security Services business for NTT Security). With an extensive technical background in security architectures, security services and technologies, Charles has developed managerial and business development skills during the years. The combination of those skills is the ultimate combination to understand customer challenges and deploy adequate solutions in a changing environment. Customer focus and satisfaction is key, without losing focus on running a profitable business. Charles holds a master degree in electrical engineering.

---

## Christophe Jourdet

**Alliance Director, EMEA, External Sales**

M: +33 1 85 18 42 34

E: [Christophe.Jourdet@nttsecurity.com](mailto:Christophe.Jourdet@nttsecurity.com)

T: [@cjourdet](#)

L: <https://www.linkedin.com/in/christophe-jourdet-6b95611/?originalSubdomain=fr>

### **Experience**

Christophe Jourdet joined NTT Security in 2014 as Country Leader for France before taking over the EMEA alliances management since 2017.

He has nearly 25 years of experience in commercial management and has held positions in several companies in the sector such as Dell Financial Services, Absolute Software and Bee Ware.

---

## Fredrik Westerdahl

**Sr Director GAS/GESM Practice, Global Risk Operation Centre (GROC)**

M: +46 709 150 718

E: [Fredrik.Westerdahl@nttsecurity.com](mailto:Fredrik.Westerdahl@nttsecurity.com)

T: [@fryouw](#)

L: <https://www.linkedin.com/in/fredrikwesterdahl/>

### Experience

Fredrik has almost 25 years of experience working in the IT security industry. Starting his early years as a security engineer in the pioneer days of Internet in the 1990-ies Fredrik very soon realized that security is not about a product or a project. In order to keep the security on the right level over time, the focus needs to be different and that lead into Fredrik being one of the founders of one of the first managed security services companies in Sweden in early 2000. This company focused on being experts on detecting threats and malicious activity in their clients IT environments. Fredrik had the role of leading the Security Operation Center and the team of analysts. In 2010, this company was acquired by NTT and ever since Fredrik has been responsible of globalizing the Threat Detection services within NTT Security, currently operational in 8 SOC's around the world.
